## EXPERIENCE

**AI Automation Engineer & Founder** | [Molaraiiche](#) 2025 – Present

- Built and deployed Comptable AI overnight: bilingual Arabic/French RAG chatbot for Moroccan accounting law, attracting unsolicited CTO inbound within days of launch.
- Delivered a WhatsApp COD order management bot with AI conversation handling, Airtable logging, and branded email notifications for an e-commerce client.
- Engineered n8n-to-CRM integration for Carbon Voice (US voice AI startup) in a single session; Loom demo confirmed by CEO.
- Automates full client onboarding workflows (Google Drive, Docs, Slack, Gmail), reducing manual setup to zero.

**Frontend Developer** | [Acwady](#) Aug 2025 – Nov 2025

- Led full platform rebuild as sole frontend developer on Next.js SSR architecture; lifted Lighthouse score from 30 to 99.
- Designed responsive UI systems for client-facing and admin platforms; integrated Sentry for real-time error tracking.

**Frontend Developer (Freelance)** | [Upwork](#) May 2025 – Aug 2025

- 5-star average across all engagements. Delivered responsive landing pages ahead of deadline with strong repeat-hire intent.

## FEATURED PROJECTS

**Comptable AI** | n8n | OpenAI | Pinecone | Supabase | Next.js | RAG

- Bilingual RAG chatbot (Arabic/French) answering Plan Comptable Marocain and Loi de Finances 2026 queries. Deployed live at [comptable.molaraiiche.com](https://comptable.molaraiiche.com). UI open-sourced on GitHub. Generated CTO inbound DM days after public launch.

**WhatsApp COD Order Bot** | n8n | WhatsApp Business API | OpenAI | Airtable

- AI-driven bilingual (Arabic/English) chatbot capturing COD orders, logging to Airtable, and sending branded confirmation emails. Eliminates manual order handling.

**Client Onboarding Automation** | n8n | Google Drive | Google Docs | Slack | Gmail

- Full onboarding pipeline: Drive folder creation, contract personalization, Slack provisioning, and welcome email. Reduces setup time from hours to seconds.
